444.9375	449.9375	DMR *		1	2	** Local 2		Atlanta/ Marietta

BSRG Link is what we call the connection between all our repeaters.
If you use one of them, you come out on all of them
On your hotspot (or other Brandmeister machines) BSRG Link can be accesed via talkgroup 311340

* These repeaters are linked together via Brandmeister and Allstar Networks.
If you are on the actual DMR repeater, BSRG Link is always on TG Local 2

** For other talk group assignments on our DMR repeaters,
see http://https://brandmeister.network/?page=repeaters and search W4KIP
